**De Giorgio - precious craftsmanship in perfection**

For over 20 years, Carmelo De Giorgio, who comes from Calabria, has been designing and manufacturing high-quality, elegant and exclusive Swiss made home accessories in his Lucerne factory. The one-of-a-kind pieces bear his typical signature and are an expression of high aesthetics. His metallic objects combine design and function in perfect harmony. And they give a feeling of warmth, well-being and high quality. This is what De Giorgio stands for.

# CLASSICO

Set accents and underline your appreciation for design and style with clear lines and elegance in pure culture. And cultivate your passion for beauty and durability. With objects made of steel or precious metal. Handmade in elaborate craftsmanship and personally grinded, polished and chrome-plated by the master. Pieces for eternity. Which on demand can also be individualized with your personal signature or logo.

## PRESTIGIO

Your passion is luxury. And your ambition is exclusivity. People who appreciate sophistication love De Giorgio's unique pieces made of high-quality metals. They are all grinded and polished by hand and highly finished silver or 24-carat gold plated. Each piece is individually produced and, if desired, presented in a precious, handmade wooden box.

## iNORAMA

The decorative objects are all made of steel, powder-coated and elegantly combined with shiny chrome-plated elements. They are available in black, brown and white or – from certain quantities – in your personal favorite color. iNORAMA stands for modern Italian design made in Switzerland. Slightly less expensive than the other lines from De Giorgio. But just as carefully handmade. For people who appreciate beauty and exclusivity.

## EDIZIONI SPECIALI

Master Carmelo pays great attention to personality and individuality. He meets this demand with various finishing combinations. This is how your favorite product receives a high-quality finish according to your wishes. Whether rose gold-plated, black refined, copper-plated or in an individual color tone. Each object can be customized with your logo or signature. As it is the case with the premium decanter VCANTER<sup>®</sup>.
